TO THE TRADE

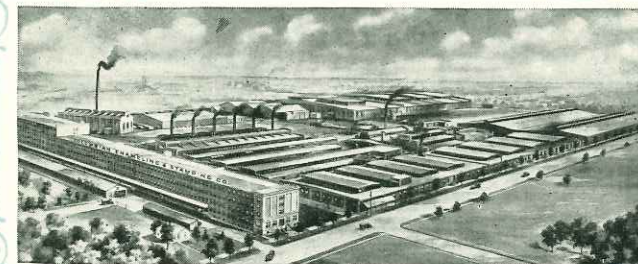

In presenting our latest catalog of Hoosier Gray Enameled Ware, your attention is called to a revision of list prices that means a substantial reduction in your costs.

Hoosier Gray Ware is a very superior line of single coated enameled ware. The heavy steel base with round hollow handles and improved fittings are the same as used in our most expensive wares. The small uniform mottle combined with the very high gloss makes this line most attractive.

Hoosier Gray Ware is durable—To the consumer it will render maximum service at a minimum cost. To you it will return a good profit and a steady and increasing volume of business.

Each sale of Hoosier Gray Ware is backed by one of the pioneers in the Enameling industry. Quality, Service and Satisfactory dealings are guaranteed.

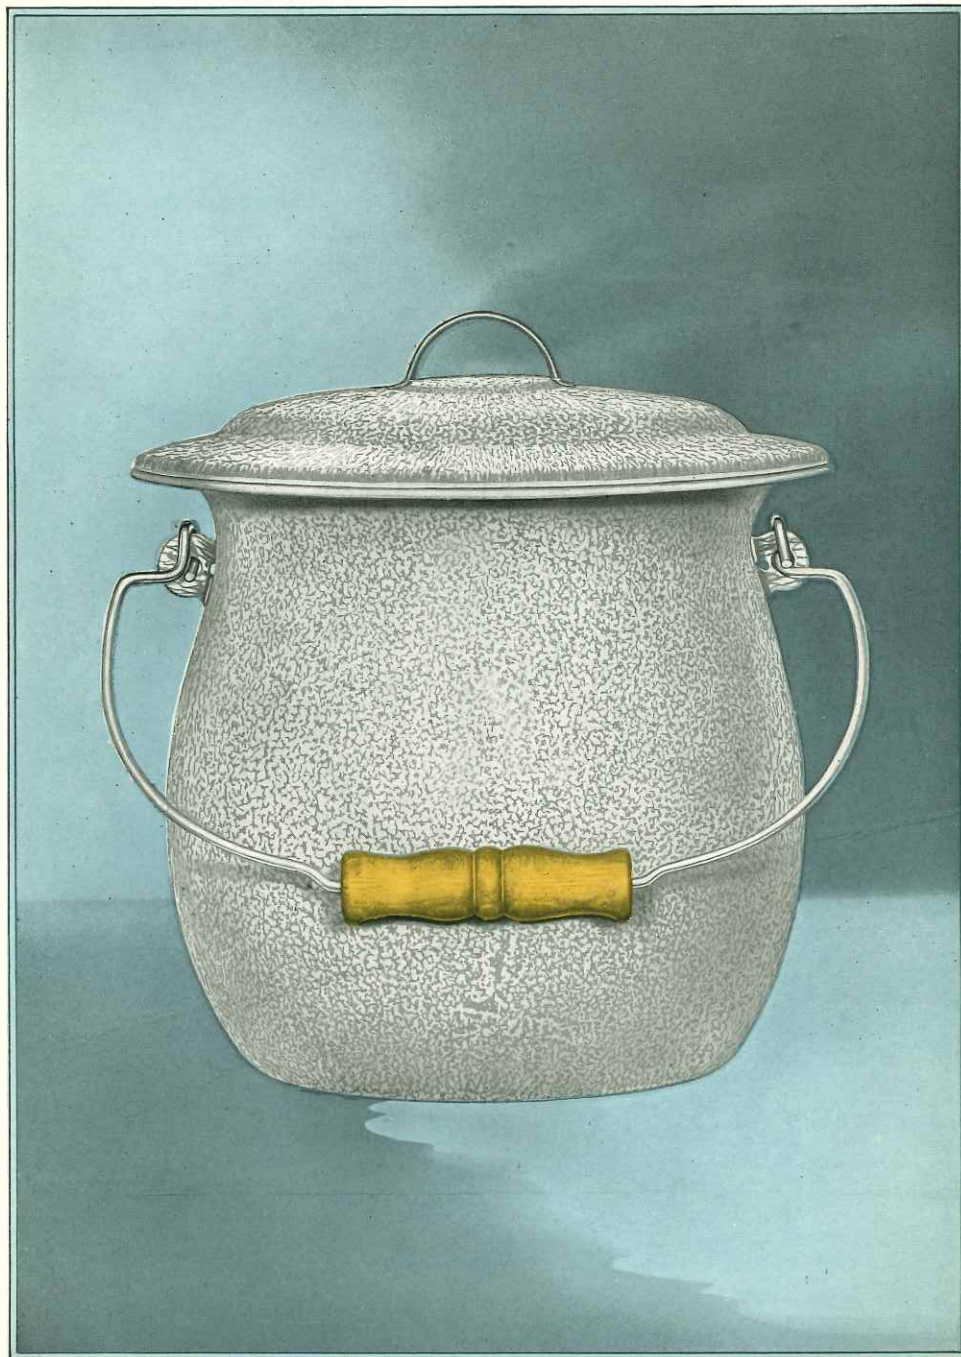

Columbian Enameling & Stamping Co.
Terre Haute, Indiana.

Columbian Made Enameled Wares

Hoosier Gray Ware is but one of a number of enameled finishes of our manufacture. Nowhere will you find a more complete selection of shapes and colors. Such finishes as **Sanitrox, Cesco, Onyx, Turquoise** and **Ski-Blu** are most favorably known.

In the manufacture of all of our lines the body is formed of strong smooth steel. Handles and trimmings are securely welded to this steel base making the completed article practically one piece. The thorough coating of enamel makes each piece glistening—smooth and as easily cleaned as a china plate. In design and finish each article is perfectly adapted for its purpose.

The enormous capacity of our plant covering fifteen acres of floor space enables us to render prompt and efficient service. Over one thousand skilled workmen are employed. Our central location insures prompt deliveries everywhere.

Manufactured by
Columbian Enameling & Stamping Co.
Terre Haute, Ind.
